

### Rules of the Ruthin Carnival Scarecrow Competition - Saturday 13<sup>th</sup> & Sunday 14<sup>th</sup> June 2018:

1. All entry forms must be submitted to Ruthin Forward Scarecrow Competition team at the listed venues by Midday on Friday 8<sup>th</sup> June 2018 (email entries by 11<sup>th</sup> June 2018 ). NO late entries for whatever reason will be accepted.
2. All scarecrows will be judged on the following criteria, up to 25 points will be awarded for each:
  - a. *Reduce, reuse and recycle* - where possible recycle or re-use materials. New materials used should be able to be recycled or reused. All scarecrows must be built from scratch by the entrant (no commercial creations allowed). These steps could be demonstrated by taking photographs of the process with a listing of the materials you have used. If no additional information is given beside the scarecrow, the judges will use what they can see to estimate how environmentally friendly your scarecrow is.
  - b. *Creativity and originality* - judges will be looking for scarecrows with that little bit extra, it may be the materials used, the way the scarecrow has been made, how the scarecrow is displayed, or simply a fantastic idea that catches the judges eye.
  - c. *Artistic merit* - will be judged on the visual impact of your scarecrow. It may be the detail, the use of colours, and the care with which it has been shaped or sculpted or it may simply look fantastic. The more fabulous your entry looks, the higher your score is likely to be in this category.
3. The majority of the work should be done by the child if it is a child's entry.
4. Children's ages will be taken into account and this information should be displayed with the scarecrow or given on the entry form (if known at that time).
5. The scarecrow can be smaller but should not be larger than: 2.0m wide x 2.0m high.
6. All scarecrows should be constructed to consider the prospect of inclement weather.
7. All entrants are reminded that this is a public event and all scarecrows must be made and displayed in good taste. The Committee reserve the right to withdraw any scarecrows that they deem unsuitable. Any entrant designing their scarecrow to cause deliberate offence will be disqualified.
8. Scarecrows need to be clearly labelled with their own name and location (owner)
9. All scarecrows must be displayed at the front of your property and should be positioned so as it is unnecessary for anyone to access your property in order to view them. They must also be secured in a manner that they will not blow away and will not otherwise be a danger to or possibly cause injury to anyone. Ruthin Forward Scarecrow Competition' will not be held responsible for any damage to Third Party property caused by the creation or insecurity of scarecrows. Owners are held solely responsible for the safety and security of their scarecrow(s).
10. There is an entry fee payable for each scarecrow. Families may enter more than one scarecrow but each scarecrow will require a separate entry form and each will incur a separate entry fee. Entry forms will be available from shops displaying our poster,
11. Listed shops are Bake House Ruthin, Candy Shack, Ruthin Food Fan,
12. Judging for 1st, 2nd and 3rd positions will take place on Wed 13<sup>th</sup> & Thurs 14<sup>th</sup> June and scarecrows must remain on display over the whole of the weekend for the general public to view. There will also be a 'Public Vote' over the weekend and a further prize will be awarded to the winner of this category. All winners will be notified at Ruthin Carnival and prizes will be awarded at 6.30pm on Sunday 14<sup>th</sup> at The scarecrow committee and judges' interpretation of these rules (and any decisions made by them) are absolutely final – and can't be challenged!
13. You may take your scarecrow in after it has been judged on Friday, if you feel it would be beneficial to do so, in order to prevent overnight weather or vandalism damage. A judges' card will be pinned to it when it has been viewed and photographed (do not remove scarecrows until after this time or they won't be judged!!). Scarecrows should however be replaced in the same position on Saturday by 9.30am. Saturday evening you may again take them in but after 5.30pm, replacing them by 9.30am on Sunday. They should remain on display until after 5.30pm on Sunday.
14. Finally... The most important rule: MAKE SURE YOU ENJOY YOURSELVES!!!!

**Photographs of all scarecrows and relevant prize winners will be displayed on social media**

Scarecrows have been part of our farming heritage forever and a day. Their practical purpose in the fields is to scare birds which might otherwise eat the seeds or damage young crops.

**For those without Internet access here are some useful scarecrow building tips!**

### **Getting started**

A scarecrow is simple to make and will provide a great opportunity for the whole family or a group to share in its creation.

Each one will be individual and you'll be surprised at the personality they take on.

Thinking of a name also helps to develop their character.

First create a basic design and gather your material together.

A traditional scarecrow was usually a crossed timber figure that was dressed and stuffed to give him volume.

If you have never made a scarecrow before, you have a real treat in store.

### **How to make a simple scarecrow**

What you need:

Two pieces of timber, one slightly longer than the other.

Nails or screws and string or wire.

An old pillow case, tights or a small flour bag for the head.

Needle and thread or stapler.

Straw, or other material for stuffing.

Clothes, from a local charity shop or from your own wardrobe!

### **Building your scarecrow**

Attach the two pieces of timber together to form a cross. Make sure that the arms are not too long for a shirt or jacket to be put on later.

If you are using stockings for the head, cut off the legs and put one inside the other for extra strength.

Stuff it in the shape of a head. Tie the head loosely at the neck end.

Paint a face on with acrylic paint or permanent marker, or stitch features with wool or thread.

Slide the head onto the short end of the vertical pole, then attach to the body by tying with string or wire.

An old football, gourds or cut out discs could also be used for heads.

From here, use your own creativity. Drape any clothing onto the poles, stuff and tie off at the wrist, ankles and waist. Attach strands of wool, straw or other fibre under a hat. Tie gloves to the outstretched ends of the crossbar... and above all remember rule 14!!
